

## **Review meeting on the priority programme SPP2206/1**

### **“KOMMMA”**

### ***Cooperative Multistage Multistable Microactuator Systems***

Thursday April 4, 2019

#### Venue:

Karlsruher Institut für Technologie  
Hermann-von-Helmholtz-Platz 1  
Eggenstein-Leopoldshafen  
Fortbildungszentrum für Technik und Umwelt (FTU)

Only applicants who submitted a proposal can attend the review meeting. Applicants are those persons that received an own DFG project code. Applicants who cannot attend the meeting are allowed to send another person as substitute.

Proposals will be presented by a short talk. The time for the talk for each proposal is calculated as follows: 5 minutes for the first applicant plus 2 minutes for each additional applicant. Please, make sure that your talk matches the corresponding timeframe. Therefore, joint proposals should be presented by one presenter only. All presentations should be copied and tested on one PC before the colloquium to avoid delays.

Each applicant will present her/his own poster (A0, portrait format). Joint proposals of several applicants are encouraged to use the same layout. The referees will receive A4 printouts of all posters. Therefore, you must send a PDF of your poster to [sanaz.rastjoo@kit.edu](mailto:sanaz.rastjoo@kit.edu) **before March, 29.**
